CLINICAL REVIEW COMPLETE

Dr. Atul Scoped Clinical Reapproval Packet

HealthCalendar365 — Verification Docket for Four Text-Modified Production Cards

Reviewer: Dr. Atul, MBBS

Role: Trainer in Health Dept (since 2002)

Clinical Copy Decision: 4 / 4 APPROVED (0 Pending)

Visual Assets: 3 Approved • 1 Pending Replacement

Clinical Sign-Off Recorded: Dr. Atul has approved the clinical copy across all 4 revised cards. Cards 1, 2, and 4 are fully approved. Card 3 (`10-17_card1`) has clinical copy approved, with its visual image rejected and scheduled for replacement in the candidate generation phase due to the dual steering wheels defect.

Card #1 • 10-15_card2

Global Handwashing Day

✓ FULLY APPROVED

File: photos/oct15_card2_scrub.png
Image SHA: 3e9ac5263a3d21e7...
Spec Hash: 4f6b8cf63cc3f097...

Reason for Scoped Reapproval:

Clinical specification updated at Dr. Atul's request to explicitly name six handwashing areas (palms, backs, web spaces, fingertips/nails, thumbs, and wrists) for at least 20 seconds, and removed the unverified '80% of germs hide' claim.

ENGLISH (ACTIVE DB) **ACTION #2**

Follow 6 Handwashing Steps

Rub palms, backs of hands, between fingers, fingertips and nails, thumbs, and wrists with soap for at least 20 seconds.

ગુજરાતી (સક્રિય નકલ) **માર્ગદર્શન #૨**

હાથ ધોવાના ૬ પગલાં અનુસરો

હથેળી, હાથનો પાછળનો ભાગ, આંગળીઓની વચ્ચે, આંગળીના ટેરવા અને નખ, અંગૂઠા તથા કાંડા સાબુથી ઓછામાં ઓછા ૨૦ સેકન્ડ ઘસો.

Dr. Atul Clinical Note: Clinical copy detailing 6 handwashing steps (palms, backs, web spaces, fingertips/nails, thumbs, and wrists) and soap lather image approved.

SCOPED REVIEWER DECISION CONTROLS • 10-15_CARD2

◉ APPROVE ○ REJECT

Overall Recorded Disposition: CARD PRODUCTION-APPROVED (PENDING HARDWARE GATE)

✓ FULLY APPROVED

Card #2 • 10-16-spine_card4

World Spine Day

✓ FULLY APPROVED

File: photos/oct16_spine_card4.png
Image SHA: 85fe501dd2645151...
Spec Hash: 5e5dfd6485ce70f7...

Reason for Scoped Reapproval:

Removed the unverified popular science claim that forward neck flexion exerts '27 kg' on cervical vertebrae (originating from a 2014 static mathematical model), replacing it with evidence-based biomechanical guidance to hold devices near eye level and change posture frequently.

ENGLISH (ACTIVE DB) **ACTION #4**

Avoid 60° Mobile Text-Neck Slouch

Severe forward neck flexion significantly increases mechanical load on cervical vertebrae. Hold devices closer to eye level and change posture frequently.

ગુજરાતી (સક્રિય નકલ) **માર્ગદર્શન #૪**

મોબાઈલ જોતી વખતે ગરદન વાંકી ન વાળો

ડોક વધારે પડતી નીચી નમાવવાથી સર્વાઇકલ મણકા પર ભારે દબાણ આવે છે; ફોનને આંખની સામે રાખો અને વચ્ચે-વચ્ચે ગરદન હળવી કરો.

Dr. Atul Clinical Note: Clinical copy for ergonomic mobile posture (holding phone near eye level, frequent posture relaxation) and upright sitting posture image approved.

Card #3 • 10-17_card1

World Trauma Day (Road Safety & Golden Hour)

⚠ COPY APPROVED • IMAGE REPLACEMENT SCHEDULED

File: photos/oct17_do1.png
Image SHA: 4f155d0239df8c28...
Spec Hash: 122c6a71707940d0...

Reason for Scoped Reapproval:

Added explicit 'ISI-marked' Bureau of Indian Standards specification to both English and Gujarati helmet wording at Dr. Atul's request, ensuring non-certified novelty headgear is strictly excluded.

⚠ Dr. Atul Finding & Defect Action:

"Clinical copy with ISI-marked helmet and seatbelt guidance approved. Visual photo rejected due to dual steering wheels AI hallucination; scheduled for controlled replacement candidate generation."

Classification:

AI_VISUAL_HALLUCINATION_DUAL_STEERING_WHEELS •

Disposition:

PENDING_REPLACEMENT_CANDIDATE

ENGLISH (ACTIVE DB) MESSAGE #1

Wear ISI-Marked Full-Face Helmet & Seatbelt

Fasten chin strap on two-wheelers; click three-point seatbelt in cars for front and rear passengers.

ગુજરાતી (સક્રિય નકલ) માર્ગદર્શન #૧

ISI ચિહ્નિત ફુલ-ફેસ હેલ્મેટ અને સીટબેલ્ટ પહેરો

બાઇક-સ્કૂટર પર ચિન-સ્ટ્રેપ સાથે ISI ચિહ્નિત હેલ્મેટ પહેરો; કારમાં આગળ-પાછળ બેસનાર દરેક વ્યક્તિ સીટબેલ્ટ અવશ્ય બાંધો.

Dr. Atul Clinical Note: Clinical copy with ISI-marked helmet and seatbelt guidance approved. Visual photo rejected due to dual steering wheels AI hallucination; scheduled for controlled replacement candidate generation.

Card #4 • 10-18_card4

World Menopause Day

✓ FULLY APPROVED

File: photos/oct18_dont2.png
Image SHA: eae08f7a2d1f1ee4...
Spec Hash: 8872071b598820b7...

Reason for Scoped Reapproval:

Corrected Gujarati translation error for 'Excess tea, coffee, and sugary Indian sweets', ensuring accurate rendering of vasomotor hot-flash triggers and bone calcium metabolism warnings.

ENGLISH (ACTIVE DB) **MESSAGE #4**

Qualified Gynecologist Consultation

Excess tea, coffee, and sugary Indian sweets trigger severe hot flashes and accelerate bone calcium loss.

ગુજરાતી (સક્રિય નકલ) **માર્ગદર્શન #૪**

ગાયનેકોલોજિસ્ટની યોગ્ય સલાહ

વધુ પડતી ચા-કૉફી અને ખાંડવાળી ભારતીય મીઠાઈઓથી તીવ્ર હોટ ફ્લશ થઈ શકે છે અને હાડકાંમાં કેલ્શિયમનું નુકસાન ઝડપથી વધી શકે છે.

Dr. Atul Clinical Note: Clinical copy advising qualified gynecologist consultation and corrected Gujarati translation regarding moderation of excess tea, coffee, and sweets approved.
